Paved Ramps Planned at the Narrows

Two concrete ramps are planned for Narrows Lake in the fiscal year beginning July 1, 1962, according to Col. Warren S. Everett, district engineer, Corps of Engineers, Vicksburg, Miss.

One will be constructed in Swaha Lodge Bay at the dam where the existing ramp is of gravel the other will be built at Self Creek at the Daisy end of the lake.

A total of \$75,000 has been budgeted for lake improvements, including besides the two ramps, the following items:

- 2.3 miles of bituminous road in the Kirby Landing area
- 35 concrete picnic tables and fireplaces, distributed between the recreational areas at the dam-site Landing and Bear Creek.
- Prior to fiscal 1963, Col. Everett pointed out, the Corps of Engineers has spent \$305,000 in the Narrows Reservoir area, embracing the following construction:
- 27 miles of access and circulation roads, of which 6 miles is bituminous-surfaced
- 1,057 parking spaces
- 14 gravel launching ramps
- 250 tables and fireplaces in 13 major public use areas

Beginning with a figure of 453,000 in 1954, public attendance at the combined Narrows recreational areas has risen in eight years to 1,062,000 in 1961, Col. Everett reported.

Court Rules Brown Mayor of Paragould

LITTLE ROCK (AP)—The Arkansas Supreme Court held in a 4-3 decision today that J. T. Brown is the legally elected mayor of Paragould.

The high court affirmed a decision by Greene Circuit Court that Brown defeated Charles A. Wood, the incumbent mayor, in an election Aug. 8, 1961. Brown took office last January.

Justices Jim Johnson, George Rose Smith and Sam Robinson dissented.

The majority opinion said Wood's contention that Box 2 in Ward 2 should be recounted because an election judge placed a bet on the outcome of the election was without sufficient weight to cause reversal of the lower court decision.

Johnson said in a dissenting opinion that Wood had a right to demand a recount because of the closeness of the election. Returns certified by the Greene County Democratic Central Committee gave Brown 1,987 votes and Wood 1,077, a difference of 10.

Wood filed suit after the committee refused to order a recount. "The evidence (in this case) on its face clearly defeats a free election," Johnson wrote.

The majority said votes in Box 2, Ward 2 should be counted because Wood in his suit did not ask specifically that the entire box be thrown out because of the action of the election official.

In another Greene County case, the Supreme Court reversed and dismissed conviction of Arnold E. Edens of Paragould on an over-draft charge.

Edens received a six-year prison sentence for giving an \$11,000 bad check to one Raymond Recker. The Supreme Court said the check was given Recker to pay an existing debt and there was no evidence Edens intended to defraud Recker. It said the small inconvenience to Recker caused by the bad check was not sufficient to justify a six-year prison sentence.

Justice Ed McFaddin wrote a dissenting opinion in which he agreed the conviction should be reversed but he argued against dismissal. He said there was some evidence of intent to defraud and the case should be tried again.

The Supreme Court upheld last week a seven-year prison sentence given Edens for false pretense in other dealings with Recker.

Still pending before the Supreme Court is Edens' appeal of an 18-year prison sentence given him in Poinsett Circuit Court for embezzlement by agent.

Convictions in Shreveport Issue Set Aside

WASHINGTON (AP)—The Supreme Court overturned today the conviction of six Negroes on charges of disturbing the peace at a Continental Trailways bus station in Shreveport, La.

The court's action was announced in an unsigned opinion. Justice Harlan said the court should have heard argument on the case before acting. Justice Frankfurter took no part. The court's vote was thus 7-1.

Four of the Negroes were arrested in the station after police ordered them to leave a "white" waiting room and go to a room designated for colored persons. The four said they were waiting for a bus to Jackson, Miss., and did not leave the "white" section on the police order.

Two other Negroes, David James Dennis and Harry Blake, remained outside the station in an automobile and were arrested later about two blocks distant.

The appeal by the six Negroes to the high tribunal said their convictions were based on a holding by the trial court that "the mere presence of Negroes in a waiting room customarily reserved for white persons . . . is sufficient evidence of intent to breach the peace." The six said they were denied due process of law as guaranteed by the U.S. Constitution.

Ruling Made on Pharmacy License

LITTLE ROCK (AP)—The Arkansas Supreme Court held today that David L. Fey can practice pharmacy in Arkansas until the state Board of Pharmacy moves in a legal manner to revoke his license.

The board went into Garland Chancery Court July 13, 1961, seeking an injunction to keep Fey from practicing pharmacy. The chancellor denied the injunction, and the Supreme Court affirmed his ruling today.

The Board of Pharmacy contended it granted Fey only a temporary license which automatically expired when the board did not give him a permanent license at its next meeting. The courts held the license granted by the board was permanent and Fey could practice unless the board could prove he misrepresented facts when he obtained it.

The Supreme Court modified a Craighead Chancery Court ruling in a suit brought by A. A. Hicks against Southwest Petroleum Co. The high court said Hicks is entitled to recover court costs, was not entitled to damages because of a judgment on Page Two

Market Goes Into Moderate Sinking Spell

NEW YORK (AP)—The stock market went into a sinking spell today in active trading.

However, the price fall and the trading volume were far more moderate than on the big days of last week.

The decline and the slower trading pace bore out the expectations of some brokers who said the market was due for a rest after last week's frantic performances.

Analysts commented that a drop in prices could be expected as the market attempts to form a base from which to launch an advance.

The decline was general with losses of key stocks ranging from a few cents to \$1 and \$2. The more volatile issues encountered rougher setbacks, International Business Machines, for example, falling \$11 to \$374 early this afternoon.

At noon The Associated Press average on 60 stocks was off 2.60 to 222.80. The Dow Jones average of 30 industrials sagged 8.65 to 602.10 and the Standard & Poor's 500-stock index was down .96 to 58.42.

The New York Stock Exchange ticker tape, which last Tuesday ran more than two hours behind transactions, lagged three minutes for a while this morning and then caught up.

Volume for the first two hours totaled 194 million shares, compared with 232 million in the like period Friday.

Justice Close Shop for Summer

LITTLE ROCK (AP)—Only four of seven justices were on hand today as the Supreme Court closed out its year's business and started a three-month summer recess.

Harris said Justice Paul Ward left over the weekend on a trip to Japan, and Justices George Rose Smith and Sam Robinson were out of the city today.

Foreign Aid Bill to See Senate Action

WASHINGTON (AP) — The Senate debates the big foreign aid authorization bill this week while the House heads for action on an important tax measure.

The House session today was slated as routine, with no controversial measures on the agenda. But action was set for Wednesday on a bill that would extend for another year the rate of corporation income taxes and the excise taxes enacted during the Korean conflict.

The government will lose \$4.3 billion in annual revenue if the tax measure is not enacted before June 30. The bill provides for the dropping of 10 per cent wartime taxes on railroad and bus tickets and the cutting of airline ticket taxes from 10 to 5 per cent. Both changes would be effective next June 1.

The Senate was still in recess today.

It begins debate Tuesday on the foreign aid measure that among other things, authorizes \$600 million for the fiscal year starting July 1 and \$800 million for each of three succeeding years for the Alliance for Progress program in Latin America.

Court Rules in Eavesdropping Case

WASHINGTON (AP) — The Supreme Court ruled today a witness in a state legislative investigation may be compelled to answer questions based on eavesdropping with an electronic device on conversations in a prison visitors' room.

The decision applied to Harry Lanza, who got a year in jail for refusing to testify about a talk with his brother, Joseph (Socks) Lanza, in the visitors room of the Eastview Prison in Westchester, N.Y., in February 1957.

Justice Stewart delivered the 7-0 decision. Justices Frankfurter and White took no part.

Single Plane Tragedy Worst in History

By RODNEY ANGOVE

PARIS (AP) — The grieving mayor of Atlanta arrived in Paris today to help identify bodies of cultural leaders of his city, victims of the worst single-plane disaster in aviation history.

Mayor Ivan Allen had set out on his sad journey soon after an Air France jetliner crashed back to earth as it took off Sunday and burst into flame. A total of 130 persons were killed—all 121 passengers, 8 crewmen and Air France's Atlanta agent.

Investigators studied reports indicating the plane developed some trouble as it roared down the Orly-Field runway for its takeoff, and the pilot tried unsuccessfully to brake to a halt.

All the passengers were Americans and most were from Atlanta and environs—members of the Atlanta Air Association en route home with happy memories and mementoes of a three-week tour of European art galleries and cultural sites.

Only two Air France hostesses—seated in the tail end of the big Boeing 707—were flung to safety in the flaming crash at Orly Field outside Paris. A steward was pulled alive from the flaming wreckage but died in a hospital.

Mayor Allen hurried to inspect the scene of the accident immediately after his arrival in another Boeing 707. He said that, along with identification of the bodies he would also arrange for their transport home.

The mayor was accompanied by Edwin Stern, assistant city attorney of Atlanta. They were met by officials of Air France, Orly Airport, the Paris city council, the foreign ministry and the ministry of public works.

Conally Has Been Named in Texas

DALLAS, Tex. (AP)—Former Secretary of the Navy John Conally, a middle-aged Democrat, demonstrated he could beat a liberal for nomination for governor of Texas. Now he'll battle a Republican conservative for the office.

Nearly complete returns from Saturday's runoff primary gave Conally, 45, his party's nomination by 2,074 votes over Don Yarborough, 37, an ardent backer of President Kennedy's New Frontier. Conally had 564,652 votes; Yarborough 538,578.

The victory pits Conally, a lawyer-businessman who resigned his Navy post to make the race, against Republican Jack Cox, 40, an oil company executive and ultra conservative, in the Nov. 6 general election.

Conally, although a friend of Kennedy and confidant of Vice President Lyndon B. Johnson, opposed Kennedy proposals for medical care of the aged and federal aid to schools.

It is the first bid for elective office by Conally, a veteran manager of Johnson's campaigns.

There were mixed views on how the Cox-Conally battle might go in nominally Democratic Texas, where there is a historic rift between Democratic liberal and conservative factions.

Some conservatives campaigned for Yarborough, a Houston lawyer, in the view Cox would stand a better chance against him in the general election.

Another theory—to which Sen. John Tower, R-Tex., subscribes—is that conservative Democrats backed Conally to be sure of beating the liberal Yarborough and now will vote for Cox. Two years ago Cox ran as a Democrat and lost to Gov. Price Daniel in the primary.

Democratic nomination once assured election in Texas, but the state now has two Republicans in Congress—Tower and Rep. Bruce Alger.

The November winner will succeed Daniel, who sought a fourth term and was eliminated in the Democrats' first primary May 3.

The Texas Election Bureau, which declared Conally the winner, estimated no more than 1,500 ballots remained to be tabulated.

Above is the architect's sketch of a headquarters building in Little Rock for the new Arkansas Red Cross Regional Blood Program which will serve participating communities throughout the state beginning early next year. Construction is expected to begin in July. Contracts for the building, to be situated on state property adjoining the Arkansas State Hospital, are being let by Edward Cromwell, architect, for a completion date on or about January 1, 1963. The Arkansas Regional Blood Program will supply blood, without charge, through participating hospitals to patients enrolled in the voluntary donor program through local Red Cross chapters.

Drought Has Ended With General Rain

By THE ASSOCIATED PRESS

Rains of up to 6.18 inches during the past week brought an abrupt end to a drought that had hit the state in May.

Until the 30th day of the month, May appeared to be the second driest in the history of the state, but skies opened and dumped over two inches on the state.

Thus far in June, it has rained each day somewhere in the state, drenching parched lands and bringing new life to wilting crops.

Some areas of the state are still suffering from lack of rain, though small amounts have been received.

May ended with 2.31 inches of rain, nearly three inches below the normal 5.28 inches for the month. The driest May in the history of the state was in 1918, when only .4 inches fell. In 1924 the state got only .75 inches and in 1971 only .82.

Normal rainfall for June is somewhat less, 3.43 inches, but indications are that it might be at least a normal month, if not overly damp.

El Dorado recorded the most rain, 6.18 inches, during the past week ended at 6 a.m. today. Warren, also in south Arkansas, got 5.14 inches and Texarkana, 4.63.

In northern Arkansas, Fayetteville got 3.35 inches and Fort Smith recorded one inch. Batesville received only .48.

Little Rock led the central portion of the state with 3.67. Hot Springs had 2.49 and Pine Bluff 3.59.

Warhead Is Exploded After Failure

By JACK SCHREIBMAN

HONOLULU (AP)—A nuclear warhead—intact or as debris—fell into 720 feet of water off Johnston Island today when a missile carrying it aloft was itself exploded less than two minutes before the bomb was to be detonated.

A Joint Task Force 8 spokesman said he did not know the condition of the warhead, intended as the first high altitude nuclear device to be exploded in the U.S. test series at Johnston Island.

The spokesman had no information on whether the device itself was destroyed when the big Thor intercontinental ballistic missile was deliberately exploded because of a malfunction in the tracking system.

He was unable to tell whether salt water corrosion could set off the warhead if it lies on Pacific Ocean bottom over an extensive period of time. Nor could he say whether the device would give off radioactivity.

"Those are scientific questions," he said. "You'll have to get the answers from Washington."

He said the device was launched at 4:45 a.m., EST. Then, with one minute and 40 seconds left, a voice was heard shouting "negative, negative, negative." There was no further word.

There had been two hours of delays before launching of the planned sub-megaton blast. A

In Washington there was no immediate comment from the Atomic Energy Commission. But a spokesman indicated there might be information on some such points later in the day.

The Coast Guard said it would not declare the area around the aborted missile dangerous to navigation.

megaton is equal to one million tons of TNT.

The failure followed two 24-hour postponements of the explosion—the first of three or four blasts in the current Pacific series. The postponements were not officially explained but reports in Honolulu blamed cloudy weather and possible technical difficulties.

Joint Task Force 8 had no word on when another shot will be attempted. "They want to analyze this one before they say anything further," a spokesman said.

The United States went ahead with the shot despite a Soviet government charge from Moscow Sunday that the test would "carry the nuclear arms race into outer space."

The Moscow complaint said the high-altitude blast could disrupt communications, endanger future astronaut flights and "change the weather."

A spokesman for Joint Task Force 8 said, "let them complain. They know more about these tests than we do. That's what we're trying to find out."

Who Should Come First,
Real or Foster Parents?

By HELEN WORDEN ERSKINE

Dear Helen: Our 19-year-old daughter plans to marry after graduation from college this month, precipitating a battle and turning what should be a happy time into a tragic one. The problem isn't the boy—my husband and I think he's wonderful—but her foster parents.

Our family has been plagued by conflict and poverty. Only because I loved my girl did I consent to her living with the couple who regarded themselves as her foster parents. They promised her a home, a college education and loving care in return for part-time work. It was all arranged on a friendly basis in the presence of our minister.

They agreed that she might come home whenever she wished. Things went along smoothly until we all began planning for the wedding. Her father and I gave her a small engagement party to which the foster father didn't come, saying he had to have a tooth pulled. My daughter felt terribly. But that was only the beginning.

She loves us—her real parents; she also loves the couple who have been so kind to her. However, it is her wish that her real father give her away at the wedding. This has thrown the foster

father into a tizzy. To keep peace, I suggested that both escort her down the church aisle; her real father on her right, the adoptive father on her left. Would this be proper? Nothing has been said to my husband so there is no telling what his feelings will be. I told my daughter I would leave it up to you. —Mrs. B.

Dear Mrs. B.: This tug of war could cast a shadow on your daughter's entire future. Far more important than protocol is her happiness. You and your hus-

Parks Budget

LITTLE ROCK (AP) — The state Parks and Publicity Commission has announced a budget of \$125,000 for state publicly purposes during the next 12 months. The Commission said it has budgeted \$50,000 for advertising in nationally distributed magazines, \$30,000 for newspapers, \$20,000 for outdoor advertising, \$10,000 for television film spots and \$15,000 for art, engravings, photography and typography.

OZARK (AP) — John Baker, director of Agricultural Credit Services of the U.S. Department of Agriculture, will be principal speaker at a membership meeting of the Arkansas Valley Electric Cooperative Corp., Thursday. That night he will discuss the administration farm bill at a rally in Paris. Baker is a native of Paris, Ark.

band and the foster parents must come to an understanding. Let mutual love for her draw you together. Tell them so.

If you four cannot agree, there should be no church wedding. For the bride to have two escorts march her down the aisle would be ridiculous and settle nothing. The question of who is to give her away is inconsequential. All that really matters is the poor girl's peace of mind on what should be the happiest occasion of her life.

Dear Helen: What do you think of sexless marriages? The question may sound crazy but my wife's attitude prompts it. She refused from the very beginning to consummate our marriage. Last night she said, "If you need to have sex relations, go elsewhere; I do not care to make love." —Hapless Husband

Dear Hapless: A sexless marriage is grounds for divorce. If yours has never been consummated ask your doctor to talk to your wife. Modern science has done a lot to change the picture by supplying deficient hormones. Divorce is a last resort.

Dear Helen: I am a 15-year-old baby sitter. A boy insists upon coming to see me when I'm working, after as late as 11:30 at night. Do you think this is right? —Baby Sitter

Dear Baby: Protection of the baby sitter is a serious problem. To let this boy in is to court danger. Should anything happen you, not he, will be blamed. If he were a decent boy he would not willfully jeopardize your reputation. Lock the doors, bar the windows and warn the people for whom you baby-sit.

Send your problem to Helen Worden Erskine, care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "Sex Education for Teenagers."

MAGNOLIA, Ark. (AP) - Louis Hurley, president of the Exchange Bank and Trust Co. of El Dorado, told graduates of Southern State College Saturday night that a trend toward centralization in government is the biggest challenge facing the United States today. Hurley said the government had not reached for additional powers, but the people had handed their responsibilities over to it.

Buddhist Funeral Held in State

CLARKSVILLE, Ark. (AP) - The ashes of a California priest were interred in this mountain community Saturday in the first Buddhist funeral believed ever to be held in Arkansas.

The simple rites for the Rev. Leslie Lowe, 84, of Los Angeles, were conducted by the Rev. Frank Newton, preceptor of Harmony Buddhist Mission near Clarksville.

The quiet ceremony was held in a funeral home with about 15 persons present. The two men had never met, but Lowe, founder of the Universal Buddhist Brotherhood, an international organization, had frequently corresponded with Newton.

Newton, 72, with head shaven, donned a golden silk robe for the ceremony. Lowe had requested in his will that his body be cremated and his ashes be sent to Clarksville for services by Newton.

Newton has operated the Harmony mission in the foothills of the Ozarks for about 10 years. He is engaged in charity work and writes for several Buddhist publications.

Boys State Holds Annual Election

LITTLE ROCK (AP) - Delegates to Arkansas Boys State elected officials for 30 mystical cities Sunday and concentrated today on electing county officers.

Before the weeklong session ends this weekend, the Boys Staters will elect their own governor and hear speeches by several Arkansas gubernatorial candidates.

City government was discussed Sunday by John T. Meriwether, assistant Little Rock city manager; G. W. Blankenship, a Little Rock city director; and William G. Fleming of North Little Rock, assistant executive secretary of the Arkansas Municipal League.

The first royal guest of New Orleans Mardi Gras was the Grand Duke Alexis of Russia, who attended the celebration in 1872.

Rushing Detroit Tigers Making Up Ground

By JIM HACKLEMAN
Associated Press Sports Writer

While the rest of the elite in the American League derby have been all but making time on a two-week treadmill, Detroit's on-rushing Tigers have been making up ground like a stretch-runner coit threading his way through a pack of tiring front-runners.

The Tigers gained another length Sunday, outlasting Cleveland 8-6 for the 12th victory in their last 15 starts—a profitable span that has enabled Detroit to pick up four full games and advance from seventh place to fourth, just one game off the pace.

The New York Yankees moved into a first-place tie with the Indians by beating Los Angeles 6-3 on some heavy hitting by Elston Howard. Minnesota further tightened things up with a 7-5 decision over Washington that left the Twins only 1/2 game behind the go-leaders.

Chicago got by Baltimore's skidding Orioles 2-0 in the day's only other action. The Boston Red Sox and the Athletics were rained out at Kansas City.

In the National League, San Francisco boosted its lead to 2 1/2 games, handling the New York Mets their 15th straight loss, 6-1, while Philadelphia was trimming second-place Los Angeles 7-5. Houston took two from Pittsburgh 10-6 and 10-3, Chicago stopped Cincinnati 6-3, and Milwaukee made it eight losses in a row for St. Louis, 6-4.

Detroit took a 6-0 lead behind Don Mossi but the left-hander needed a lot of help before his fourth straight victory was clinched. The Indians staged a four-run uprising in the eighth inning against Mossi. Ron Kline and Jerry Casale.

The Tigers picked Pedro Ramos for a run in the first, then routed him with a five-run second. Chico Fernandez led off the inning with a homer. Two walks and Billy Bruton's single loaded the bases. Mossi and the field.

Jake Wood both scored on Charlie Maxwell's 410-foot sacrifice fly. Norm Cash capped the inning with his 14th homer, off Barry Latham.

Fernandez singled home what stood up as the winner in the fifth, and Wood's single and stolen base, plus another single by Bruton produced another Detroit run in the eighth. Latham and Willie Tasby homered for Cleveland.

Howard belted a pair of two-run homers in teaming with John Blanchard to spark the Yankee offense.

Toland Sheldon faced only 21 batters through the first seven innings, allowing two Los Angeles singles but being helped out by two double plays. The Angels got to the youthful right-hander in the eighth for their three runs in a rally highlighted by doubles by Bob Rodgers and Earl Averill. Re-liever Marshall Bridges prevented further damage.

Minnesota cashed in five runs after two were out in the sixth inning for its victory against the Senators. After a double by Bob Allison and a walk, southpaw Jack Kralick singled in the first run. Lennie Green chared in two more with a single, another scored on an error and Vic Power delivered the fifth with his third hit of the day.

Kralick was the winner but failed to finish for the 12th time in 12 starts this year.

Joe Cunningham's checked-swing single and pitcher John Buzhardt's bloop single drove across the White Sox runs as they pinned the Orioles with the 12th setback in their last 17 games.

Chuck Estrada, who gave Chicago the only four singles in his eight innings, loaded the bases in the single and stolen base by Mike first on a hit bat-man and two Herschberger.

94th Belmont Stakes Set Saturday

By ORLO ROBERTSON
Associated Press Sports Writer

NEW YORK (AP)—The Belmont Stakes will be run for the 94th time Saturday. With the 1 1/2-mile classic for 3-year-olds just six days away about the only thing certain is that Kentucky Derby winner Decidedly and Preakness winner Greek Money will be in the starting lineup.

Belmont Park officials are looking for a field of 10, which would make the last race of the Triple Crown series the richest in the history of the event. It's a \$125,000-added affair. With 10 starters, the gross value would be \$155,000, with \$112,050 going to the winner.

Decidedly, who races in the colors of the California-owned El Peco stable, came from off the pace and won the Kentucky Derby by 2 1/4 lengths. He was far back in the Preakness.

Greek Money, from Don Ross' Brandywine stable, passed up the Kentucky Derby and then surprised in the Preakness for his first major triumph.

Both have trained well for the big test, turning in sparkling 1 1/2-mile workouts last week. Bill Hartack will pilot Decidedly while John Rotz again will ride Greek Money.

The remainder of the field will come from a group that includes George D. Widener's Jalpur, Crimston Salan from the Crimson King Farm, Fred W. Hooper's Admiral's Voyage, T. Alie Grisom's Roman Line, P. E. Power's Viny Ridge, Mrs. Joe W. Browns' Green Hornet, Gustavo Ring's Stinson Beach, Cyrano from the Greentree Stable and the Harbor View Farm's David K., who was made a supplementary entry at the cost of \$5,000.

There is a remote possibility that Mrs. Moody Jolley's Ridan will be shipped in from Chicago, where he has been quartered since finishing second in the Preakness. Ridan, winner of the Florida Derby, was third in the Kentucky Derby.

walks before Cunningham looped a hit to left as he checked his swing on a 3-2 count.

Buzhardt, with a five-hitter that made his record 6-4, chased in the other White Sox run in the seventh with Blotop's hit after nings, loaded the bases in the single and stolen base by Mike first on a hit bat-man and two Herschberger.

Rain Delays State High School Play

PINE BLUFF, Ark. (AP)—

Semifinals of the state high school baseball tournament were postponed Saturday until next Friday after two days of rain drenched the playing field.

A deadlocked game between Greene County Tech and Joe T. Robinson was called in the eighth inning Saturday because of a heavy downpour. Neither team had been able to score.

The game will be resumed Friday at 1 p.m., with play starting at the ninth inning. The Monette-Greenvood game will follow.

Winners of the semifinals will meet Friday night for the state championship.

Giants Gain 4-Game Sweep to Keep Lead

Feeling tired? All run down? Need a tonic? Call Casey Stengel. The Mets will pick you up.

Both the San Francisco Giants and the Los Angeles Dodgers have been on the Met diet recently. The Giants and Dodgers won 13 of the 15 games that the Mets have lost in a row. Both clubs left the Polo Grounds with new health and wealth.

The five Met dates with the Dodgers and Giants drew a total of 197,393, a brilliant financial coup. But the price was steep. After knocking heads in California and New York with the two front runners, the Mets are embedded in 10th place, with a sorry 12-34 record.

Alvin Dark's Giants completed a four-game sweep Sunday by rallying for five runs in the seventh and a 6-1 victory that left them, 2 1/2 games in front of the Dodgers, who stumbled in Philadelphia Saturday night and Sunday after winning 13 in a row. The Phillies came from behind and dumped the Dodgers Sunday 7-5.

Cincinnati, Pittsburgh and St. Louis, running third, fourth and fifth, all lost. The Reds, beaten by Chicago, 6-3, now trail by 6 1/2. Pittsburgh, winner of seven in a row, bowed twice to Houston 10-6 and 10-3 and dropped eight games back. St. Louis lost its eighth straight, losing to Milwaukee 6-4, and fell 12 games behind the leaders.

In the American League, the New York Yankees moved into a first-place tie with Cleveland by beating Los Angeles 3 while the red-hot Detroit Tigers were whipping the Indians 8-1. Minnesota moved within a half game of the lead by winning over Washington 7-5. Chicago blanked Baltimore 2-0. The Boston at Kansas City game was rained out.

The Mets gave the Giants a good wrestle for six innings. Bob Miller, a non-winner, had struck out eight and allowed only Willie Mays' 19th homer in the run column until San Francisco broke through in the seventh. Miller walked winning pitcher Juan Marchal with the bases loaded, forcing in the tie-breaking run.

The Phillies, who shut out the Dodgers Saturday night behind rookie Dennis Bennett, shocked Los Angeles again Sunday after trailing 0-4. Johnny Callison came through with four straight hits and three runs batted in. Chris Short was the winner although Paul Brown finished up with five scoreless innings. Johnny Podres, knocked out in the five-run fourth was the loser. Tony Gonzalez homered for the Phils.

Billy Williams, the hot shot in the batting race with a .359 average, and George Altman powered the Cubs' victory over the Reds, ending a five-game Chicago losing string. Williams hit his 11th homer and Altman his 12th as rookie Cal Koonce beat Moe Drabowsky.

Milwaukee hopped on Bob Gibson for five runs in the first inning and moved to within 1 1/2 games of the Cardinals with the help of fine relief work by Hank Fischer, who rescued Bob Hendley in the eighth.

Houston clubbed Pittsburgh pitching for a total of 31 hits, 17 in the first game and 14 in the second, to nail down victories for relief man Bob Tiefenauer and Ken Johnson, who went the route. It was the first double defeat for the Pirates this year.
